School News

Another half term is nearly over and we are proud of all the hard work and achievements that the pupils have made in the last few weeks. All around the school, the corridors and classrooms are full of excellent examples of children's work and many visitors to our school have commented on the diverse work that is on display at Village Primary School. Thank you to all of the pupils and staff for working together to achieve this.

SAFEGUARDING

At Village Primary School, safeguarding is a priority. With more children than ever using tablets and phones, apps have become something that can pose a risk to your child. The school has a list of apps, that is available on request, for parents to use to check for inappropriate ones. It is advised that you check your child's tablet/phone regularly to remain in control of what they are accessing on line. Please do not hesitate to contact the school for more information or advice if you require it.
